

In-wall basin Frame

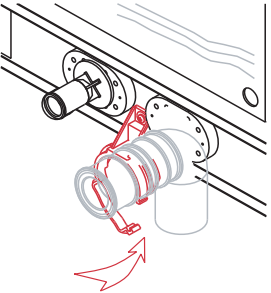

• This frame is designed for In-Wall mounting as opposed to Pre-Wall mounting •

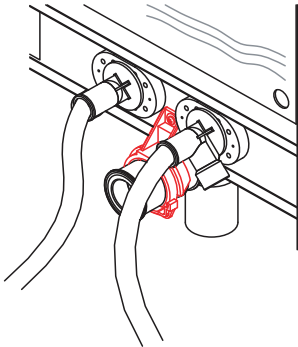

This In-Wall basin frame is designed to be mounted between vertical studwork i.e. it has no legs.

1 Refer to the fixing heights recommended for the basin and trap and use this information to mount the frame at the preferred height using the fixings provided.

2 Fix the trap to the basin waste and secure the waste into rubber cone on the clamp waste fitting using silicone grease.

3 Connect the hot and cold water supply to the 1/2" brass angled back plate connectors as shown.
