

USING THE EUROPART SEARCH FUNCTION

1. If you know the Europart part number, or part of it, enter it in the dedicated multi-functional search box.

EXAMPLE - you want 12-BS-03 Bosch Carbon Brush
12-BS-03 or 12BS03 takes you straight to it
12-BS- will take you to a Gallery View of all Bosch Carbon Brushes

Click on the part number required to go to -

- Price
- Availability
- Additional information, e.g. technical specifications, fitting instructions if available
- Associated items

2. If you know the manufacturer original part number, or part of it, enter it in the dedicated multi-functional search box.

EXAMPLE - you want 154740 Bosch Carbon Brush
154740 will take you straight to 12-BS-03
1547 takes you to a range of choices containing the partial code: then just select the item required
In BOTH cases, click on the part number required to find the desired information.

3. If you have a detailed description of the part, enter it in the dedicated multi-functional search box.

EXAMPLE - you want Bosch Carbon Brushes
Bosch Carbon Brush will take you to a Gallery View of all parts containing the words Bosch, Carbon and Brush in the product description and/or Bosch in the model fit database
In this case, click on the part number required to find the desired information.

NOTE - The more detailed the description, the more refined your search will be e.g. If you search for 'carbon', approximately 600 results are shown. If you search for 'Bosch Carbon Brush', approximately 16 results are shown.

Tips

- **DESCRIPTION:** A common description (like PUMP) will help to refine your results. But if the description entered does not match ours, then you will not get a result.
- **BRAND:** Inserting the Brand required e.g. 'Bosch' will help to refine your results. Remember though, some parts are databased against their brand manufacturer, and not their badged brand. For example, type 'Hygena' for Diplomat searches.
- **MODEL:** Enter the model number of Appliance. If it has punctuation, e.g. hyphen, dash or slash, omit the punctuation; if no result, try with the punctuation included. If you do not have the full Model Number, use only the leading digits (see below).
- Manufacturer's original part number: If using a partial entry, use only the leading digits; for example in the case of 154740, 1547 will give a result, but 4740 will give only parts that begin with 4740.

When no results are found : A message will appear telling you this. Try reducing the amount of information in your search. If you still get no results please **contact us**.

UNDERSTANDING EUROPART PART NUMBERS

Europart employs a straightforward part number identification system. Europart part numbers are always a sequence of -

Two numbers representing the product group;
followed by two letters representing the product brand;
followed by two or more numbers identifying the unique part.

Occasionally letters are added at the end to indicate a variation in colour, genuine equivalent, manufacturer etc.

Examples

35-DY-08LV

35 - Denoting the product group, in this case 35 for Vacuum Hoses.

DY - Denoting the product brand, in this case DY for Dyson.

08 - Identifying this unique part as Europart DC07 Lavender End Hose Assembly.

LV - Identifying this unique part as a Lavender colour variant of 35-DY-08 Europart DC07 Hose Assembly.

12-BS-03A

12 - Denoting the product group, in this case 12 for Laundry/ Vacuum Carbon Brushes.

BS - Denoting the product brand, in this case BS for Bosch.

03 - Identifying this unique part as Bosch Motor Carbon Brushes (Pack of 2, 12.3mm x 4.8mm x 31mm).

A - Identifying this unique part as a genuine equivalent to 12-BS-03 non-genuine carbon brushes.

53-UN-38

53 - Denoting the product group, in this case 53 for Refrigeration Parts & Accessories.

UN - Denoting the product brand, in this case UN for Universal.

38 - Identifying this unique part as Universal Chest Freezer Hinge

Product Groups

In order to assist you in identifying the correct Europart part number, below are the lists of product groups and the number used to classify those product groups which are used as the first two digits of any part number.

| Product Group | Appliance | Description |
|---------------|--------------------------------------------|--------------------------------------------|
| 03 | Home Laundry / Vacuum Cleaner | Armatures |
| 04 | Vacuum Cleaner | Bearings |
| 05 | Washing Machine | Bearings & Bearing Kits |
| 07 | Vacuum Cleaner | Belts |
| 08 | Washing Machine | Belts |
| 09 | Tumble Dryer | Belts |
| 10 | Vacuum Cleaner | Brushbar Agitator & Parts |
| 11 | Home Laundry / Vacuum Cleaner | Capacitors |
| 12 | Home Laundry / Vacuum Cleaner | Carbon Brushes |
| 13 | Home Laundry / Vacuum Cleaner | Clutches |
| 14 | | Cooker & Cooker Hood Parts |
| 15 | Home Laundry / Vacuum Cleaner | Fittings & Covers |
| 16 | Dishwasher / Washing Machine | Dispensers |
| 17 | Tumble Dryer / Washing Machine | Doors & Rims |
| 18 | Tumble Dryer / Washing Machine | Door Boot, Seals & Gaskets |
| 19 | Tumble Dryer / Washing Machine | Door Handles, Hinges & Latches |
| 21 | Vacuum Cleaner | Cloth Bags |
| 22 | Universal / Vacuum Cleaner | Cables |
| 23 | Universal | Electrical Connectors & Parts |
| 24 | Vacuum Cleaner | Extension Rods & Bent Ends |
| 25 | Home Laundry / Vacuum Cleaner | Fans |
| 27 | Vacuum Cleaner | Filters |
| 28 | Washing Machine | Filters |
| 29 | | Food Mixer & Processor Parts & Accessories |
| 30 | | Fire Safety Appliances |
| 31 | Vacuum Cleaner / Washing Machine | Gaskets & Seals |
| 32 | Universal | Garden Appliances Parts & Accessories |
| 33 | Vacuum Cleaner | Handles |
| 34 | Home Laundry | Heaters & Elements |
| 35 | Vacuum Cleaner | Hoses |
| 36 | Vacuum Cleaner | Hose Ends |
| 37 | Home Laundry | Hoses & Condensers |
| 38 | Home Laundry | Hose Connectors |
| 40 | Home Laundry | Knobs & Parts |
| 41 | Universal | Lamps & Bulbs |
| 42 | Home Laundry / Vacuum Cleaner / Commercial | Motors & Parts |

| Product Group | Appliance | Description |
|---------------|--------------------------------|-----------------------------------------|
| 43 | Home Laundry | Mountings & Suspension Parts |
| 46 | Vacuum Cleaner | Paper & SMS Bags & Accessories |
| 47 | | Polisher Parts & Accessories |
| 48 | Home Laundry | Pressure Switches |
| 50 | Home Laundry | Pulleys & Solenoids |
| 51 | Home Laundry / Commercial | Pumps |
| 52 | Home Laundry | Pump Parts |
| 53 | | Refrigeration Parts & Accessories |
| 54 | Home Laundry | Drum Oil Seals |
| 55 | | Service Parts & Accessories |
| 57 | Home Laundry | Shafts & Gearboxes |
| 58 | | Shaver Parts & Accessories |
| 59 | Home Laundry | Spin Mats |
| 60 | Home Laundry / Vacuum Cleaner | Springs, Nuts & Bolts |
| 61 | Vacuum Cleaner | Switchgear |
| 62 | Universal / Home Laundry | Interlocks & Switchgear |
| 64 | | Plumbing Parts & Accessories |
| 65 | | Small Appliance Parts & Accessories |
| 66 | Home Laundry | Thermostats & TOC's |
| 67 | Home Laundry | PCB Modules, Timers & Parts |
| 68 | | Dishwasher Parts |
| 69 | Vacuum Cleaner | Floor Tools & Accessories |
| 70 | Washing Machine / Tumble Dryer | Tubs, Drums, Lifters & Parts |
| 71 | Dishwasher / Washing Machine | Solenoid Valves |
| 72 | Tumble Dryer | Vent Hoses & Kits |
| 74 | Washing Machine/Vacuum Cleaner | Wheels & Trolleys |
| 75 | | Microwave Parts & Accessories |
| 76 | | Finished Goods |
| 77 | | Steam Cleaner Parts & Accessories |
| 78 | | Janitorial Service Parts & Accessories |
| 79 | | Cookware & Barbeque Parts & Accessories |
| 80 | | Pressure Washer Parts & Accessories |

- **ALL** Cooker & Cooker Hood Parts (except for universal oven lamps and bulbs) come under section 14
- **ALL** Refrigeration Parts & Accessories come under section 53
- Most Dishwasher Parts come under section 68 however please also check in the respective sections for dishwasher parts e.g. section 67 for PCB Modules, Timers & Parts
- Home Laundry encompasses Dishwashers, Tumble Dryers and Washing Machines

This is a guide only. Occasionally parts do not fall under the correct or obvious product group, for example section 68 is generally for Dishwasher Parts but parts for dishwashers can sometimes be found under their respective product group e.g. a dishwasher inlet valve could be found under section 68 (Dishwasher parts) or section 71 (Dishwasher/Washing Machine Solenoid Valves). If you are in any doubt, refer to the part description or contact us.

Brand Abbreviations

Below is a list of the brands and their corresponding two letter abbreviations which are used as the second two digits of any part number. This list is not exhaustive but it covers the most popular brands which Europart supply spares and accessories for.

| Brand | Abbreviation | Brand | Abbreviation |
|-------------------------------|--------------|-------------------------|--------------|
| AEG | AG, EL, ZN | Indesit | IN |
| Airflo | AF | Jeyes | JY |
| Alno | AG, EL, ZN | Karcher | KA |
| Aquavac | AQ, GB | Kenwood | KW |
| Ariston | AR | Kirby | KI |
| Bauknecht | BK | Lec | LC |
| Beko | BO | LG | LG |
| Belling | BL | MFI / Diplomat / Hygena | HY |
| Bissell | BI | Miele | ML |
| Bosch/Siemens | BS | Morphy Richards | MR |
| Brandt | BT | Neff | NF |
| Burco | BC | New World | NW |
| Candy | CY | Nilco | NO |
| Cannon | CR | Nilfisk / Alto | NL |
| Creda | CR | Numatic | NM |
| Crosslee | CL | Panasonic | NT |
| Daewoo | DW | Philco | BN |
| De Dietrich | DD | Philips | PS |
| DeLonghi | DL | Prestige | PR |
| Dirt Devil | DD | Proline | PL |
| Dyson | DY | Rowenta | RW |
| Electrolux | EL | Samsung | SG |
| Fagor | FG | Sebo | JY |
| Flavel | FL | Servis | SV |
| General Electric | GE | Smeg | SM |
| GHD | GD | Teba | TB |
| Glen Dimplex / Stoves | ST | Tefal | TF |
| Haier | HA | Tricity Bendix | TY |
| Hitachi | HT | Vax | VX |
| Homark | HM | Vorwerk | VW |
| Hoover | HV | Whirlpool | WP |
| Hotpoint | HP | White Knight | CL, PS |
| Ignis | IG | Zanussi | ZN, EL |
| | | | |
| Universal Parts & Accessories | UN | Vacuum Bags | VB |
| | | Vacuum Motors | VM |

This is a guide only. Occasionally parts do not fall under the correct or obvious brand abbreviation e.g. Zanussi may fall under ZN or EL as Zanussi is an Electrolux brand. If you are in any doubt, refer to the part description or contact us.
